

ST. PETER'S GOOD NEWSLETTER

The Organic Victory Garden

St. Peter's Organic Victory Garden is in its 3rd year connecting families, neighbors, and community organizations through farming. Last year, we shared more than 450 pounds of organic produce to individuals and families living with food insecurity. Our goal is to enhance our mission and include more community groups to garden with us.

Community-based groups get a free 10 x 10 plot! We also sell 10 x 10 plots and 20 x 20 plots for growing your own produce!

Spring is here, so make plans to join our community garden, grow your own produce or volunteer to help us grow fresh organic produce for families in need.
