May 2010

Dear Friends in Christ,

It is with great satisfaction that we the Rector, Wardens and Vestry write to tell you that our Vestry has once again renewed our commitment to the education ministry of our parish. Specifically, in the face of significant challenges, the 2010-11 Budget for St. Peter's by-the-Sea Episcopal Day School is in the process of being finalized by Dr. Caruso for presentation at our June 15 Vestry Meeting. In addition, the Vestry has approved the retention of Dr. Sandra Laughran, at the recommendation of Dr. Clyde Payne, to conduct a thorough study of the Day School to ensure that our operations are in line with best practices in the field. We are committed to making a very good program even better.

We expect to begin receiving her input before the end of term and will share it as it becomes available and is prepared for circulation to all interested parties.

Thank you for concern and your prayerful support of our education ministry. All of us working closely together, in candor and mutual respect, can give our children the excellent learning experience they deserve.

The Rector, Wardens and Vestry
